## WELCOME TO THE FRONT ROW

This summer promises to be packed with unforgettable sporting moments and celebrations, and what better way to capture them than with the new Lumix TZ30. Compact and light enough to take anywhere, its powerful 20x optical zoom gets you to the heart of the action every time. And with additional features including Full HD video recording and GPS tagging, it lets you relive your memories in breathtaking detail and can even remember the location of every shot.

So whatever you're doing this summer, get 20x closer with the Lumix TZ30 from Panasonic – Official Cameras of the London 2012 Olympic Games.

To see how the Lumix TZ30 can get you closer to the action, visit [www.panasonic.co.uk/lumixTZ30](http://www.panasonic.co.uk/lumixTZ30)

# We love the latest cameras

Our pick of the best cameras that have just landed.

## Canon EOS M compact system camera

This 18 million pixel interchangeable lens camera is small enough to take anywhere.

- APS-C sized sensor
- 7.7cm touchscreen
- Full 1080p HD movie recording

## Fuji X-Pro 1 compact system camera

The Fuji X-Pro 1 is similar to the popular X100 but you can now change the lens. It retains the APS-C sized sensor and the hybrid viewfinder but has a different camera body and an option of lenses. The retro styling of the X-Pro 1 certainly catches the eye and is built to last.

- APS-C sensor
- Hybrid viewfinder
- Full 1080p HD movie recording

Product code 933938

## Panasonic Lumix GF5 compact system camera

The GF5 is stylish and compact. The ultra fast focus speed makes sure you never miss a moment whilst the controls and intuitive touchscreen are simple to use.

- Ultra fast focus
- 3" touchscreen
- Full 1080p HD movie recording

Product codes 002955 (black), 002953 (white)

## Sony RX100 compact system camera

With its large image sensor, Carl Zeiss lens, and aluminium construction, the Sony RX100 is an ideal enthusiasts camera.

- Large image sensor
- F1.8 Carl Zeiss T\* lens
- Full manual controls

Product codes 006124 (silver) 006123 (black)

# Best for capturing memories

No matter what your plans, we have the perfect camera to ensure you don't miss a thing.

## Best for travel

Each year, Panasonic surpasses itself with a new TZ series camera. The latest TZ30 has a new camera body and massive 20x optical zoom. The ideal travel companion has just got even better.

Product codes 024949 (black), 000179 (white)

## Best for action

The toughest tough camera yet from Olympus. The TG-1 can go up to 12 metres underwater and be dropped from 2 metres. It can take stunning underwater images and HD videos with its impressive F2 lens.

Product code 005796

## Best for nights out

Slim, stylish, sturdy and crammed full of technology, the new Canon IXUS won't let you down on a night out. Featuring Canon's HS system, it allows you to shoot confidently in low-light situations, and features a 12x optical zoom. With the new built-in Wi-Fi function, you can load your pictures on Facebook or Twitter at the push of a button and relive the evening when you get home. Plus, you can programme your friends and families faces into the camera so they will always be in focus.

Product codes 722436 (black), 002087 (white)

## Best for zoom

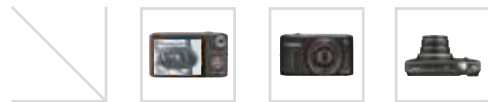

The Nikon P510's massive 42x optical zoom is the biggest yet. This camera is packed full of features such as, full High Definition movie mode, a CMOS sensor, a 3" LCD tilt screen and a 24mm wide angle lens. Why carry round a big camera and a bag full of lenses when the P510 will get you closer to the action on its own.

Product code 159111

# Get closer with super zoom

These cameras have features that will get you closer to the action.

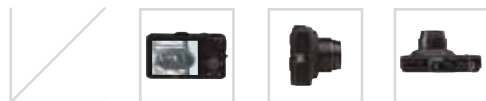

## Canon

### PowerShot SX260 super zoom camera

A compact super zoom camera is a camera that houses a large optical zoom and the new PowerShot SX certainly does not disappoint in this category.

- 20x optical zoom
- Full 1080p HD movie recording
- Built-in GPS

Product code 533591

## Nikon

### CoolPix S9300 super zoom camera

As well as being able to shoot high resolution still images at a 25mm wide angle with 18x optical zoom, you can also shoot full High Definition movies.

- 18x optical zoom
- Full 1080p HD movie recording
- Built-in GPS

Product code 253446

## Olympus

### SZ-31 super zoom camera

This camera offers a huge 24x optical zoom and a 16 million pixel sensor. It's built to create impressive photos.

- 24x optical zoom
- Full 1080p HD movie recording
- Metallic camera body

Product code 268111

## Sony

### Cyber-shot HX20 super zoom camera

The HX20 is the camera that can pretty much do it all; big zoom, full 1080p HD movie recording, sweep panorama and GPS mode.

- 20x optical zoom
- Full 1080p HD movie recording
- 3D sweep panorama

Product code 768431

# Large sensors, compact build

Perfectly compact, whilst capturing quality and detail.

## Sony RX100 large sensor camera

With its large image sensor, Carl Zeiss lens and aluminium construction, the Sony RX100 is an ideal enthusiast camera. It's also a great second camera to a digital SLR, for uncompromising quality on the road.

- Large image sensor
- F1.8 Carl Zeiss T\* lens
- Full manual controls

Product code 007297

[dixonstravel.com](http://dixonstravel.com)

## Fuji X100 large sensor camera

Championed for its retro design, this camera is not just a pretty face; it houses an APS-C sized sensor. This is the same size as a regular digital SLR.

- APS-C sized sensor
- Hybrid viewfinder
- 720p HD movie recording

Product code 037910

## Canon G1 X large sensor camera

The G12's new bigger brother. If you are a fan of the Canon G series you'll love the G1 X. What gives it the 'X factor' is the new image sensor; it is 6.3 times bigger than the G12.

- Large image sensor
- CMOS sensor
- Full 1080p HD movie recording

Product code 976275

Reserve before you fly

Call the store 7 days before you travel, reserve the item and collect before you fly.

See page 3 for details.

# We love tough cameras

Built to be shockproof, waterproof and freeze proof, these cameras can handle almost anything.

## Olympus

### TG-820 tough camera

The TG-820's tough metallic camera body can be thrown, dropped, crushed, frozen and submerged up to 10 metres under water.

- Up to 10 metres waterproof
- Up to 2 metres shockproof
- Full 1080p HD movie recording

Product codes 191279 (black), 557791 (blue)

## Sony

### TX20 tough camera

This stylish camera is so slim that it doesn't even look like a tough camera. But don't let looks fool you.

- Up to 5 metres waterproof
- Up to 1.5 metres shockproof
- Full 1080p HD movie recording

Product codes 908960 (black), 995673 (orange)

## Fuji

### FinePix XP51 tough camera

The XP51 can be taken to a depth of up to 5 metres under water, great for snorkelling or playing in the pool. Don't worry if you drop it - it's also shockproof.

- Up to 5 metres waterproof
- Up to 1.5 metres shockproof
- Full 1080p HD movie recording

Product codes 319272 (orange), 852798 (blue)

## Olympus

### TG-1 tough camera

The toughest tough camera yet from Olympus. The TG-1 can go up to 12 metres under water and be dropped from 2 metres.

- Up to 12 metres waterproof
- Up to 2 metres shockproof
- F2 lens

Product code 005796

## Olympus

### TG-620 tough camera

The TG-620 is locked and loaded with a host of tough features; it's waterproof, freeze proof, shockproof and crush proof.

- Up to 5 metres waterproof
- Up to 1.5 metres shockproof
- Full 1080p HD movie recording

Product codes 824253 (black), 573300 (green)

# Brighten up your travels

Cameras to add a splash of colour to your travels.

## Canon IXUS 230 digital camera

Sharp, versatile and intelligent! Its powerful 8x optical zoom lets you capture details of distant objects.

- 8x optical zoom
- CMOS sensor
- Full 1080p HD movie recording

Product codes 917015 (green), 009115 (pink)

## Olympus D-745 digital camera

This smart, slim metallic camera is available in bright colours including an eye catching orange. It's an ideal point and shoot camera.

- 5x optical zoom
- 25mm wide angle lens
- 720p HD movie recording

Product codes 721924 (orange), 305775 (red)

[dixonstravel.com](http://dixonstravel.com)

## Samsung ST200F digital camera

The Samsung ST200F has a whole range of great features, but two that really stand out are its Wi-Fi connectivity and 10x optical zoom.

- 10x optical zoom
- 3" LCD screen
- Ultra slim

Product code 006337

## Sony W630 digital camera

The 16 MegaPixel Sony Cyber-shot camera offers a wide range of features and is ideal for digital camera beginners.

- 5x optical zoom
- Sweep panorama
- 720p HD movie recording

Product code 008927

## Canon IXUS 500 digital camera

This new slim IXUS camera houses a whopping 12x optical zoom in a very neat metallic camera body.

- 12x optical zoom
- CMOS sensor
- Full 1080p HD movie recording

Product codes 289422 (red), 824128 (blue)

## Nikon S3200 digital camera

The Nikon Coolpix S3200 compact digital camera delivers a supreme photography performance from a super slim design.

- 6x optical zoom
- 26mm wide angle lens
- 720p HD movie recording

Product code 005820

## SAVE TO A CLOUD

# SAMSUNG

## 10 reasons to buy

Samsung WB150F Smart Wi-Fi compact digital camera

The Samsung WB150F camera is revolutionary, combining intelligent technology with incredible mechanics. This Smart camera covers all angles, as well as creating a whole new perspective on photography.

### 1 Quality lens

The Samsung WB150F Smart compact digital camera packs an almighty punch with its Schneider KREUZNACH lens.

### 2 Optical zoom

Although the WB150F is housed in a compact camera body it can get you right in the centre of the action with its impressive 18x optical zoom. Ideal for sport or wildlife photography.

### 3 Movies

If taking still images isn't always your thing, the WB150F can record movies in 720p High Definition quality. A great way to capture your memories.

### 4 Screen

After you have captured your stunning images or movies you can view them on the crystal clear 3" LCD screen.

### 5 Versatile photography

If you want to get some more creative shots and be in full control of your images you can simply switch to full manual control to set your perfect setting for the scene.

### 6 Panoramic views

The clever and effective Panoramic Views mode allows for wider image capturing. The WB150F effortlessly shoots panoramic images, so you can take in the whole landscape.

### 7 Smart Auto 2.0

Smart Auto 2.0 is a feature that automatically selects from 16 picture modes and 4 movie modes to deliver the best outcome.

### 8 Wireless transfer

Here comes the clever bit... The WB150F can transfer to any wireless device. Be it your Smart TV, tablet, smartphone, laptop or personal cloud. It can do this at the push of a button.

### 9 Lightweight

Although this camera has all of this impressive built-in features, it is still an ideal camera for travel, weighing in at an impressive 200g.

### 10 Image stabilised

No need to fear shots on the move with the impressive image stabilisation feature.

# Bridge the gap

If you are after digital SLR controls and a huge optical zoom, bridge is your destination.

## Panasonic FZ200 bridge camera

The 24x optical zoom with a 2.8 aperture ensures that you can get clear bright images from a distance.

- 24x optical zoom
- F2.8 leica lens
- Power OIS (optical image stabiliser)

Product code 025315

[dixonstravel.com](http://dixonstravel.com)

## Canon SX50 bridge camera

The biggest optical zoom on a camera so far. A 50x ultrasonic zoom lens is ideal for capturing sport and wildlife.

- 50x optical zoom
- Ultrasonic lens
- Full 1080p HD movie recording

Product code 956439

## Nikon P510 bridge camera

With a massive 42x optical zoom. The Nikon P510 has the biggest optical zoom for a Nikon yet. Packed full of other features such as full high resolution.

- 42x optical zoom
- Full manual mode
- Full 1080p HD movie recording

Product code 159111

## SanDisk Extreme Pro SD 32GB

For faster speed, shoot with the SanDisk Extreme Pro SDHC and SDXC for 64GB UHS-I memory cards. Compromise nothing with SanDisk Extreme Pro SDHC.

Product code 917623

## Acme Made Union Kit case

Covered with durable and contemporary bombshell fabric, perfect for protecting your camera.

Product code 009924

**Internet beating prices**

We'll beat [amazon.co.uk](http://amazon.co.uk), [comet.co.uk](http://comet.co.uk) and [johnlewis.com](http://johnlewis.com) on all cameras, camcorders, laptops and iPods.

See page 3 for details.

# Canon

# 10 reasons to buy

Canon EOS M compact system camera

This 18 MegaPixel compact system camera with interchangeable lens is small enough to take anywhere.

**1 Compact design, superb image quality**

Capture images that are packed with clarity, colour, amazing detail and can be printed up to A2 in size.

**2 Express yourself**

An EOS that delivers the quality of a digital SLR. The EOS can be combined with an adapter to use EF lenses, as well as EF-M lenses.

**3 Easy to use, great results**

Straightforward controls that are quick and easy to use, so you'll always be able to express yourself. The controls are more like that of a compact camera, making things much easier for someone who is new to digital SLR photography.

**4 Videos**

Enjoy full High Definition movies

even in low light. Enhance your movie footage with video snap shot. Shoot a series of short clips of 2, 4 or 8 seconds in length.

**5 The right settings every time**

As you compose a photograph with the EOS M, the camera's scene intelligent auto technology analyses the subject, evaluates the colour, brightness, movement and even detects the presence of people. Ensuring you achieve the best possible shot.

**6 Creativity the easy way**

Create beautiful images using smooth out of focus backgrounds for a professional look with impact. Achieve advanced creative effects quickly and simply with easy to use controls.

**7 Atmospheric photos in low light**

Intelligent IS combats the camera shake to ensure all your photos and videos are sharp and detailed in low light.

**8 Full 1080p HD movie recording**

Hybrid auto focus ensures pin sharp photographs and evaluative metering picks up the most appropriate shutter speed

and aperture.

**9 APS-C sized sensor**

The APS-C sized sensor is the same size that you will find across most digital SLR's. The Canon 650D has the same sized sensor. The beauty of the EOS M is that it has the large sensor but is housed in a compact camera body.

**10 Unique design**

As well as all of these fantastic features, the EOS M is housed in a neat stylish camera body that is very easy on the eye. It is a true compact system camera, as it has the looks of a stylish compact camera but the power of a digital SLR.

# Nikon

# The best of both worlds

Small with big power.

## Nikon 1 J2 compact system camera

The Nikon 1 J2 is an ultra portable, easy to use 10.1 MegaPixel compact system camera with amazing high speed autofocus, Smart Photo Selector and advanced full HD movie recording. Improvements compared to the Nikon 1 J1 are a new bright high resolution 921k-dot 3" LCD screen, a brushed up body, and Creative Mode - offering fun filters and effects like panorama.

- Full resolution images at up to 60 frames per second
- Easy to use creative mode
- Full 1080p HD movie recording

Product codes 023110 (black), 023105 (white), 022991 (orange)

## Nikon 30-110mm VR lens

Telephoto lens, great for getting you closer to the action.

Product code 801450

## Nikon 10-100mm VR lens

Wide telephoto lens with power zoom feature, ideal for recording movies.

Product code 768785

# SONY<sup>®</sup>

# Compact size, digital SLR quality

Stylish compact cameras that achieve picture quality you'll love.

## Sony NEX-F3 compact system camera

The Sony NEX-F3 is an easy to use 16.1 MegaPixel compact system camera achieving digital SLR picture quality in a compact body. Features include full 1080p HD AVCHD movie recording, a 3" 180° tilting LCD screen for easy self-portraits, 5.5 frames per second shooting and artistic picture effects.

- APS-C sensor
- 3" 180° tilting LCD screen
- Full 1080p HD movie recording

Product codes 006123 (black), 006124 (silver)

## Sony NEX-5N compact system camera

The slim, light Sony NEX-5N compact system camera shoots digital SLR quality stills and records full 1080p HD AVCHD videos without weighing you down. Features include 16.1 MegaPixel resolution, 10 frames per second shooting and a 3" tilting LCD touchscreen.

- APS-C sensor
- 3" tilting LCD touchscreen
- Full 1080p HD movie recording

Product code 258607

## Sony NEX-7 compact system camera

Professional quality in your pocket with the Sony NEX-7 compact system camera. Features include 24.3 effective MegaPixel resolution, stylish light magnesium body, full 1080p HD movie recording, with AF tracking and manual controls.

- APS-C sensor
- 24.3 MegaPixels
- Full 1080p HD movie recording

Product code 254766

# Panasonic Compact system, compact design

The quality and flexibility of a digital SLR in the body of a compact.

## Panasonic Lumix GF5 compact system camera

The Panasonic Lumix GF5 is small enough to fit in your pocket and features a high sensitivity 12.1 MegaPixel Live MOS image sensor, improved Venus Engine shooting, 0.09 second Light Speed Auto Focus, full 1080p HD video recording and a 3" 920k dot LCD touchscreen.

- Micro 4/3rds sensor
  - S14-42mm power zoom lens
  - Full 1080p HD movie recording
- Product codes 002955 (black), 002953 (white)

## Panasonic 45-200mm lens

Still achieving great results, this telephoto lens is half the size of most, thanks to the Lumix G system.

Product code 504264

## Panasonic 45mm-175mm X power zoom lens

This telephoto lens features amazing power zoom feature.

Product code 672950

## Panasonic GX1 compact system camera

This Micro Four Thirds camera has metal bodied construction and a classic design which is a work of art in itself. Its positive, ergonomic controls lend themselves to extra creativity, while the technology within is breathtaking. Including 16 MegaPixels, fantastic high speed stills and full 1080p HD movie recording.

- Micro 4/3rds sensor
- 14-42mm power zoom lens
- Full 1080p HD movie recording

Product code 504942

## Panasonic Lumix DMC-G5 compact system camera

Evolving from the very successful DMC-G3, the compact and smartly styled DMC-G5 builds on the G3 successes and adds extra functionality, higher shooting speed and touchscreen operation, together with an extremely high resolution viewfinder.

- Micro 4/3rds sensor
- Up to 20 frames per second
- 3" Vari-Angle touchscreen

Product code 024472

# Canon

# A touch of class

Equipped with features to achieve optimum image quality.

## Canon EOS 650D digital SLR

This 18 MegaPixel camera is the upgrade to the Canon EOS 600D and features 5 frames per second continuous shooting, Vari-Angle touchscreen, full 1080p HD movie recording with manual controls and ISO 100-12800 standard, 25600 expanded. The main improvements compared to the 600D include a touchscreen control LCD screen, a new 'Hybrid CMOS' sensor and the DIGIC 5 image processor.

- 5 frames per second
- 3" Vari-Angle screen
- Full 1080p HD movie recording

Product code 999792

## Canon EOS 5D MKIII digital SLR

The most anticipated camera this year, the MKIII features improvements on every aspect of the MKII. On top of fantastic stills, you can capture high quality full 1080p HD movies, with manual control over everything from frame rate to audio.

- Full frame sensor
- 3" LCD screen
- Full 1080p HD movie recording

Product codes 056615 (24-105L Kit), 301763 (body only)

## Canon EOS 600D digital SLR

The 600D is a great option for anyone who is looking for more than an entry level model. With high resolution and full 1080p HD movie recording, the 600D can quench the thirst of a budding beginner or a serious enthusiast.

- 3.7 frames per second
- 3" Vari-Angle screen
- Full 1080p HD movie recording

Product code 501278

Product code 266732

# Best for your camera

Get the most out of your camera with these great lenses.

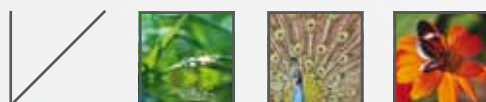

## Best for sport

Canon 70-200mm F2.8L IS USM II lens  
Canon 70-300mm IS USM lens

A telephoto lens is best for photographing sport. To get right amongst the action just zoom in to capture quality shots. It is also ideal as an image stabilised lens for capturing fast moving objects without having to worry about blur.

Product codes 509909 (70-300mm), 442935 (70-200mm)

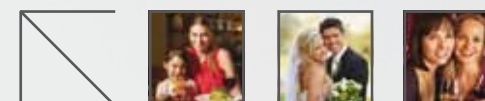

## Best for close ups

Nikon 60mm F2.8 macro lens

Capture intricate details that are not even visible to the naked eye. A macro lens is ideal for close up photography, especially pictures of plants and flowers. A macro feature can be found on most cameras but you cannot beat the jaw-dropping results of a dedicated macro lens.

Product code 423907

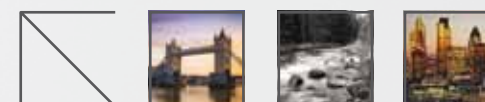

## Best for portraits

Nikon 50mm F1.4 lens

The 50mm is a fixed focus lens with a huge aperture allowing great shots in low light without the use of a flash. The fixed focus lens is ideal for portraits and you can achieve amazing blurred arty background images.

Product code 292930

## Best for landscapes

Canon 10-22mm IS USM lens

A wide angle lens is the best for capturing stunning landscape shots. It's also great for big groups of people in small spaces; the 10-22 has a bulbous glass lens that can achieve a wide angle effect. Get much more in your image with a wide angle lens.

Product code 336884

# Extreme shooting

For those action shots that are hard to achieve with any standard camera.

## GoPro HD HERO2 outdoor camera

Join a winning team – GoPro cameras are being used by more professional athletes, sports film makers and enthusiasts than any other camera in the world, and the HD HERO2 Outdoor Edition is the most advanced yet. It's wearable and gear mountable, waterproof up to 60m and it can take wide-angle full 1080p HD video and 11 MegaPixel photos at a rate of 10 photos per second. Whether your goal is, to capture a great day out with friends or you're gunning for the cover of a magazine, the HD HERO2 Outdoor Edition can help you nail it and look like a hero.

- 11 MegaPixels
- Up to 60 metres waterproof
- Full 1080p HD movie recording

Product code 520423 (helmet not included)

## GoPro LCD BacPac screen

The LCD BacPac is a detachable LCD screen for HD HERO and HD HERO2 cameras. As a removable accessory, the LCD BacPac keeps your camera as small and light as possible, yet provides the convenience of an LCD screen when attached.

Product code 356119

## GoPro Battery BacPac

The Battery BacPac works as both a charger for your spare HD HERO and HD HERO2 batteries and plugs into the back of both camera models to nearly double recording time. Perfect for long duration time-lapse photo sessions, endurance motorsports racing or any application where you need up to 2x the battery life.

Product code 973089

## GoPro Suction cup

Attach your GoPro camera with this industrial strength suction cup to cars, boats, motorcycles and more. Proven at speeds of 150mph+. Strong enough to pull dents out of a car door.

Product code 006309
